

# DICK RATING

Here's an example script for your OnlyFans account:

I just realized something.

You haven't ever sent me a dick pic yet!

I want to see what I'm dealing with.

How about you send me a dick pic right now and I'll give you a score out of 10?

Just be aware I'm very honest with these!

No fan has ever gotten a 10/10 so far so don't be upset if you get a 5/10 or something!

(fan sends photo)

Let's see what we have here.

First thing I've noticed is the shape and girth, wow! I like how thick it is. It's perfect for me.

I like that you're well groomed as well. I really don't care if you shave often, but I prefer you did. You know why? There's a lot less friction during sex...

Length is just ideal. I never like dicks that are too long because it can be too much for me.

I really like the angle and lightning too, you're an expert at taking dick pics!

Overall, 7/10, this is the best dick pic I got this week so far!

I told you I'm strict.

One last thing...

You lost some points for hardness.

Doesn't look too hard but I can tell you're grower. I wonder if it would fit inside my tight pussy?

How about I help you out here?

I know you'd love it babe, I want to see that cock get hard and cum for me...

To be honest... I'm a little bit horny right now too.

How about we sext for a bit and relax?

I know what will make you hard right now.

But you have to promise me to send a dick pic afterwards.
