

JERK-OFF

Here's an example script for your OnlyFans account:

(gentle moan)
(mention their name or username), I'm not surprised you're back for more.
I know you love the sound of my voice.
I know it intoxicates you.
(pause)
You can't get enough of me, can you?
(gentle moan)
I want you to focus on me baby.
And I want you to unzip your pants.
Take your dick out for me.
But don't stroke it yet.
Not until I tell you to.
(pause)
I want you to anticipate how good it will feel.
Blowing your load to me.
(pause)
You're under my complete control, do you understand?
I might let you cum today.
Now start stroking for me.
Gently.
(pause)
Does it feel good?
(gentle moan)
Keep going.
(pause)
Now stop.
It feels hard and tense now, does it?
(moan)
I'm touching myself too, thinking about how you're jerking off to me.
I'm going to count down to 10 and I want us to cum together baby.
(moan)
Start stroking for me.
(swallow)
10...
9...
8...
Keep going.
7...
6...
(moan)
5...
4...
I'm close too baby.
3...
2...
1...
Cum for me.
Yes, do it for me.
That was so good.
I really enjoyed that.
